Preparation Instructions:

PELVIC OR BLADDER ONLY ULTRASOUND (female or male): 1 ½ hours before your appointment, empty bladder. Finish drinking four 8 oz. glasses of water 1 hour prior to your appointment. Do not empty your bladder again until your exam is completed.

ABDOMINAL ULTRASOUND: Do not take anything to eat or drink for 8-10 hours prior to examination (except medications with a small amount of water).

ABDOMINAL PLUS PELVIC ULTRASOUND: Fast for 8-10 hours but drink water as per the pelvic ultrasound instructions. Do not empty bladder again until your exam is completed.

THYROID, BREAST, SCROTAL, SHOULDER or SOFT TISSUE ULTRASOUND: No preparation required.

PREGNANCY ULTRASOUND:

- Early (up to 10 weeks): 1 ½ hours before your appointment, empty bladder. Finish drinking four 8 oz. glasses of water 1 hour prior to your appointment. Do not empty your bladder again until your exam is completed.
- Mid (10-20 weeks): 1 hour before your appointment, empty bladder. Finish drinking three 8 oz. glasses of water 1 hour prior to your appointment. Do not empty your bladder again until your exam is completed.
- Late (after 20 weeks): 1 hour before your appointment, empty bladder and finish drinking one 8 oz. glass of water. Do not empty your bladder again until your exam is completed.

RENAL & BLADDER ULTRASOUND: 1 hour before your appointment, empty bladder and finish drinking two 8 oz. glasses of water. Do not empty bladder again until your exam is completed.

MAMMOGRAPHY: Avoiding caffeine 3-4 days prior to your examination may significantly decrease discomfort during the test. Do not use deodorant, talcum powder or glitter-containing products on the day of examination.
